*ESI/Other Public category includes: employer-based coverage and other public insurance, such as Medicare and military-related coverage. – Sample size too small.
Source: State-level figures based on Urban Institute and Kaiser Family Foundation estimates of pooled 2011 and 2012 Current Population Surveys. U.S. Total figures based on 2012 Survey. In 2011, the Census Bureau adjusted the imputation methodology for variables related to insurance coverage. As a result, the Census Bureau also revised data collected in previous years. At the time of this publication, detailed revised data for previous years was not available. This analysis applies methodology created by the Urban Institute that aims to replicate the Census Bureau's revision in previous years.
